02 Project Time Line

In order to insure maximum efficiency in the execution of the plan a time line with all working components to insure that is on the schedule and on budget. This time line is updated on real time. Available as a share document.

CONSULTANCY INSPECTION

01 Status Report 1,2,3

The report focuses on a visual examination of the rig based on the PRCA Standards of construction and operation. This list is meant as an update on the project progress according to the time line presented in the contract.

This Report is meant to increase the lifespan and the safe operation of the games as well as to help provide a start for any future developments within the park along it's staff body.

01 | EQUIPMENT INSPECTION Inspection Check by Chief Operator at Sane Let Tin Resort, Myanmar, 2017 02 | INSPECTION REPORT Inspection Check For AMERICAN PARADISE CAMP, 2017

1. REPORT CONCLUSION :

This report outlines a series of recommendations for the American Paradise Camp's Rope Course and Climbing Wall Activity. The report focused on a visual examination of the rig based on the PRCA Standards of construction and operation. This list is meant as a recommendation to increase the lifespan and the safe operation of the games as well as to help provide a start for any future developments within the park along its staff body.

After examination, the rig is deemed in good condition and is safe to operate. Nevertheless the list of recommendation attached in the report should be executed within 12-24 months from the date of inspection as to prevent extra material fatigue or discoloring of the wood/steel which if left unchecked may lead to further deterioration.

Wood sections and weld points in non-Galvanized steel (black steel with paint) will be the points that deteriorate faster, be observant for chipping rust in the welds and twists in the wood as they will be your earliest indicator of wear.

The location of the activity will present challenges over time due to marine wind exposure and material fatigue/rust. It is recommended to do a weekly visual inspection and tighten any cables, or check for loose hardware that needs to be tensioned. The template checklist has been added to your report package, feel free to modify or create your own form if you would prefer in case you decide to include more items into your weekly/monthly schedules.

02 | List of Recommendations

The list of recommendations attached in the report should be executed within 12-24 months from the date of inspection.

02

EQUIPMENT SCOPE OF WORK

If you already have a facility or would like to update & upgrade your equipment we are official distributors of some of the biggest names in the industry maintaining international quality & warranties.

Push Managing Station & Pro Shop at PUSH Climbing Gym, Ho CHi MInh City

JUN VIDAL | 03 **Chief Operator** Sane Let Tin Resort, Myanmar

MANAGING | PUSH TEAM MEMBER

PUSH takes responsibility not only to find people capable of running your facility but also train them according to international safety standards. We will provide and control all the management operations.

Every place has an assigned Chief Operator & Location Manager, who will be the direct line of contact for the local operations.

Employee Profile

Every Location that has a Management contract will receive one Employee Profile for every member of the team assigned. Profile includes personal, contact, background information with their Training Log. Location Manager is responsible to update employee profile, calculate working hours & deliver payments on time.

> 01 | UNIFORM Every Push Team Member is equipped at the beginning of their contract with:

- Name Tag
- 2 Brand T-Shirts & Cap
- Safety Equipment
- Membership Card for free entries to Push Climbing Gym at District 2

MANAGING | WORK TIME

Every adventure game has their own rules and limitations during the operating process. That's why it is our job to make sure that you always have enough staff to operate your location effectively.

Staff Schedule

Assigned Chief Operator's Job is to make sure that the facility is running effectively & smoothly. That all the demands of the location are covered.

- At the end of the month the Chief Operator is responsible to issue the new time table for the following month.
- Chief Operator is responsible to make sure that all workers show up or have replacement on the day of their unavailability.
- At the beginning of every month Chief Operator must pass all working hours calculations to the Location Manager.
- Time Schedule is available ONLINE for all team members and management.

MANAGING | TRAINING

To be a PUSH Team Member is not only to follow active lifestyle but also be able to perform under stress & continue to provide safe environment to our customers. It is PUSH promise to allways make sure that the people who guiding you through your adventure are capable of providing the support, the knowledge and help.

Training Log

Every Team Member must pass a training exam as part of the selection process when applying to work. The training log is a special program created by PUSH to evaluate the condition & the relevancy of all PUSH climbers. The test involves physical & technical skills specific to the position of the employee. The Chief Operator make sure that his team stays in shape and ready to provide the highest quality service.

MANAGING | OPERATING

Every adventure facility has it's own rules and operational limitations. To have equipment in good condition start by the proper record keeping of all equipment and it's maintenance.

01 | Maintenance Log

The assigned Chief Operator must make sure that all the facilities equipment is in good condition & stored properly according to the manufacturer specifications.

- Once a month the Chief Operator will submit a copy of the maintenance log indicating the equipment's status & recommendations in case of future need.
- The Chief Operator's Job is to spot an issue before it becomes must to spot problem before it becomes a problem. That's why the log is updated regularly to maintain the highest level of quality.
- The Maintenance Log will flag any issues that require future action with regards to the equipment.
- PUSH offer temporary replacement and Warranty of the Equipment purchase by PUSH. All payments for repair and replacement must be covered by client.

OPERATING INVENTORY

Every adventure facility has it's own rental equipment which conforms with the international standard and it is our job to make sure that this eq lasts for as long as it is meant to.

Inventory List

The Inventory List is completed at the beginning of the contract and serves as the base in which the maintenance log is based on. All equipment in this list must be accounted for.

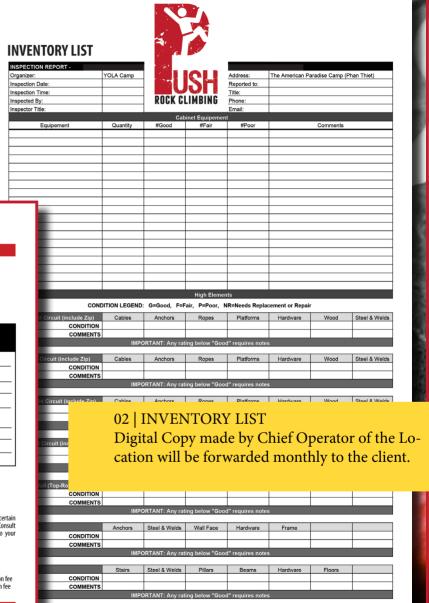

The Inventory List is submitted by the end of the month by the Chief Operator with

Shop Order Form

In case any equipment needs to be updated or replaced the Chief Operator will fill a shop order form to the Client for the approval of the order. 01| SHOP ORDER FO

MARKETING | CUSTOMER SUPPORT

Every adventure facility require it's own safety and play rules. Age & health limitations may vary between locations. PUSH provides for you standardize designs of the warnings and rules of each game you offer.

Facility Rules & Safety

The first step to a safe operation it is clear signs of the rules & limitations of the activity.

- By signing into Push Marketing Plan you will receive warning signs, game & facility rules customize with your branding.
- The Location Manager will forward the client ready to print design files & can provide printing services.
- Cost of the printing charged separately from the month fee. Quotation List of the printing services can be send on demand.

BOULDERING AREA

RULES:

MARKETING | PROGRAMS

Our customers are people with an active lifestyle. They always eager to learn new skills and challenge the limits. PUSH Marketing Programs offers turn key courses for any group at any age.

01 | Climbing Manual | Student Book

Every Push Location will be provided with a Digital Copy of the PUSH Climbing Manual (PDF) for internal use only and 3 printed copies for Teaching Courses.

Every Student who attends workshops & courses will receive a copy of the Student Book and certificate at the end of the course after passing an exam by The PUSH Chief Operator.

Unique Climbing Programs for everyone who is eager to learn.

Climbing Manual cover following training programs:

- 1. Introduction to Top Rope Climbing
- 2. Introduction to Lead Climbing
- 3. Basic Climbing Movements
- 4. Belaying Introduction

The Student manual is also available for sale on Location. Cost of the ordered manuals will be charged separately by distributor price.

02 Event Programs

The Location Manager will provide digital copy and printed copies of the game menu at Location.

The Chief Operator is responsible of providing training to all PUSH Team members on how to run the activities.

MARKETING | EVENT SALES PACK

Events, Team Buildings & Group Activities are a big portion of the revenue of any facility. PUSH marketing Strategy put emphasis on team challenges to cater to bigger groups. To create a strong bond between the activity and the industry.

01 Event Booking Form

The Location Manager is responsible of implementing the Event booking system at location. Every location will receive a customise event booking form that adapts with the clients facility. Pricing for the event program established by client althou the PUSH marketing strategy will suggest a recommended price.

Photo of the teambuilding for TMM company, organised at Push Climbing Gym with cooperation with DARE company, Saigon.

After establishing the costs of the Event Programs PUSH will provide a calculation program so the quotation process can be instant. The Location Manager can handle the booking for 5% cost of the event organizing.

Format of the Calculator: EXCEL

03 Event Calendart

The Chief Operator is responsible of keeping the Event Calendar updated. Communication between the sales team & the Chief Operator is necessary for a smooth operation.

MARKETING | SOCIAL PROGRAMS

01 Adventure Group Trips

We believe that people in the modern world need to disconnect from the overload of information from the city. And re-connect with nature in the way of an adventure. This is why we launched "CHILL ACTIVE DAY | WEEKEND OUT" Which goal is to gather climbers for outdoor experience. Locations may vary. Open for everyone.

All Clients who signed for the marketing pack will receive real time updates and VIP access to all future trips and events.

02 Self Rescue Seminars

We believe that it is responsibility of every person to know how to take care of themselves while exploring nature.

PUSH Marketing plan looks to enrich the culture by creating free of charge seminars with guest speakers about who to deal with tricky situations.

> 01 | ADVENTURE TRIP FEE includes: transportation, living, games & camp programs.

PUSH currently operates several locations in Vietnam, Myanmar & Thailand in the beautiful natural sighs: jungles, top of the mountains and beautiful landscapes.
